

NITIN SHARMA

MERN Stack Developer | Full Stack Developer

✉ nitinprof09@gmail.com | 📞 +91- 7876524825 | github.com/nitin9706 | LinkedIn: linkedin.com/in/nitinsharma

PROFESSIONAL SUMMARY

BCA 2026 graduate and self-driven Full Stack Developer with hands-on experience building production-ready MERN stack applications. Skilled in real-time systems (Socket.IO), REST API design, JWT authentication, Docker, and CI/CD pipelines. Passionate about clean code, scalable architecture, and shipping quality software.

TECHNICAL SKILLS

Frontend:	React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Vite, Axios, Socket.IO Client
Backend:	Node.js, Express.js, REST APIs, JWT Authentication, Socket.IO, Mongoose
Database:	MongoDB, Mongoose ODM, Redis
DevOps:	Docker, Docker Compose, GitHub Actions (CI/CD), Vercel, Render, Cloudinary (S3)
Tools:	Git, GitHub, Postman, VS Code
Concepts:	System Design, Real-time Apps, MVC Architecture, Scalable Web Applications

PROJECTS

Real-Time Chat Application [GitHub →](#)

Tech: React.js, Node.js, Express.js, MongoDB, Socket.IO, JWT, Docker, GitHub Actions, Tailwind CSS, Cloudinary

- Built a full-stack real-time chat app with one-to-one & group messaging using Socket.IO Web Sockets.
- Implemented JWT-based auth, protected REST API routes, and online/offline user presence tracking.
- Integrated Cloudinary for media uploads; containerized with Docker & automated CI/CD via GitHub Actions.
- Designed a responsive, mobile-first React UI with optimistic updates for seamless UX.

System Design Simulator (SDS) [GitHub →](#)

Tech: React.js, React Flow, Tailwind CSS, Framer Motion, Vite, React Router

- Built an interactive drag-and-drop tool to practice system design interviews with visual architecture diagrams.
- Component library includes CDN, Load Balancer, API Gateway, Database, Cache, and AI Service nodes.
- Added JSON/PDF export, local-storage persistence, and real-world examples (Netflix, Uber, Twitter, WhatsApp).
- Smooth Framer Motion animations; each node supports custom labels, colors, instances, and regions.

EDUCATION

Bachelor of Computer Applications (BCA) (2026)

GPGC Bilaspur HP

KEY STRENGTHS

Full-Stack Development • Problem Solving & Debugging • Clean Code Practices • REST API Development • Database Management • Git & Version Control • Quick Learner & Adaptability • Team Collaboration • Attention to Detail • Continuous Improvement

HOBBIES & INTEREST

Building Web Applications • Learning New Technologies • Exploring Software Development Trends • Personal Coding Projects • Problem Solving • Technical Reading
